

Why ThinkPad?

- Stainless Steel Hinges
- Active Protection System
- Hard Disc Impact Protection
- Spill Resistant Keyboard
- Military Specification Testing
- Energy Star Compliant

When the world's leading engineers and designers at IBM came together in 1992, little did they imagine they would create notebooks that would make history. This legendary notebook went on to claim a string of firsts—the first notebooks to reach outer space, the first to have an integrated CD-ROM and DVD-ROM, the first to come with a spill-proof keyboard and fingerprint reader, and the first to have a built-in hard disk drive airbag. Eighteen years later, nothing's changed. The ThinkPad still packs in great performance, powerful security and plenty of features into machines. And no matter how these notebooks evolve in the future, you can be sure of one thing; there will always be more thinking in a ThinkPad®.

THERE'S MORE THINKING IN A **ThinkPad.**

Specifications

Processor	<i>Intel i3-370M(2.4GHz)</i>
Hard Disc Drive	<i>160GB, 7200rpm (High-speed)</i>
RAM	<i>2GB (Expandable)</i>
Display	<i>14.1inch HD non-glare LCD, 1366 x 768 Display resolution</i>
Graphics	<i>Intel HD Graphics</i>
DVD	<i>Yes, DVD Recordable</i>
Wireless	<i>Yes, Intel 6200 Wi-Fi a/b/g/n</i>
Ethernet	<i>Yes, 1Gb(10/100/1000)</i>
Bluetooth	<i>Yes</i>
Webcam	<i>Yes</i>
Battery	<i>6 cell, approximately 5-6 hours usage</i>
Operating System	<i>DEECD Edustar image with Windows 7 Professional Windows Vista Factory Licence</i>
Weight	<i>2.32Kg – includes battery weight</i>
Warranty	<i>3 Years, Onsite (home or school) Monday-Friday Logged online at www.nn.net.au/warranty or call 1300 730 548</i>
